

INDUSTRIAL GREASES

VEEDOL LITHIUM COMPLEX GREASES

- VEEDOL ALICOM 10 • VEEDOL ALICOM 20

DESCRIPTION

- Lithium complex grease manufactured from highly refined, high viscosity index base oils.
- Available in NLGI consistencies 1 and 2.

APPLICATIONS

- Recommended for a variety of applications especially where trouble free performance and long life are the main consideration.
- Also suitable for application by the centralized grease system.
- Recommended for applications where a high drop point grease is desired.

BENEFITS

- Excellent anti-oxidant, anti-rust and anti-wear properties.
- Possesses excellent water tolerance, mechanical stability and high temperature performance.
- High drop point makes it suitable for applications where conventional lithium soap based greases are not suitable.

CHARACTERISTICS

VEEDOL ALICOM GREASE		10	20
Texture		Smooth	Smooth
NLGI Consistency		1	2
Soap Type		Lithium Complex	
Worked Penetration 60st @ 25°C	Min	310	265
	Max	340	295
Drop Point°C	Min	250	250
