

INDUSTRIAL SPECIALITY PRODUCTS

METAL WORKING FLUIDS

- VEEDOL AFTON 2 • VEEDOL AFTON 4 • VEEDOL AFTON 8

DESCRIPTION

- Transparent extreme pressure cutting oils of non-active sulphurised fat type.

APPLICATIONS

- Recommended for applications where the oils are required to meet the requirements of both metal cutting and lubrication.

BENEFITS

- Non-corrosive to copper, aluminium and their alloys.
- Provides long tool-life and a better finished surface.
