

INDUSTRIAL OILS

STEAM CYLINDER OILS

- VEEDOL APACYL 680 • VEEDOL APACYL 1000
- VEEDOL APACYL 1500

DESCRIPTION

- Straight mineral paraffin base cylinder oils having high viscosity index and high flash point.
- Meets IS 1589 : 1960 specification.

APPLICATIONS

- Recommended for cylinder lubrication of steam engines using super heated steam.

BENEFITS

- Has excellent thermal stability.

CHARACTERISTICS

VEEDOL APACYL		680	1000	1500
Kin. Vis. cSt at 100°C	Min	612	900	1350
	Max	748	1100	1650
Viscosity Index	Min	85	80	80
Pour Point °C	Max	260	260	260
