

**PRODUCT DATA SHEET**

**Product Description:**

Veedol Take-Off XL Moped 20W-40 CF/SF is an engine oil designed specifically for mopeds, offering assured protection against wear and corrosion. Its superior formulation ensures smooth engine performance. Ideal for both urban and rural riding conditions, this oil guarantees reliable lubrication and enhanced cleanliness for prolonged engine life.

**Performance Specification:**

Veedol Take-Off XL Moped 20W-40 CF/SF meets and exceeds below performances

API CF/SF

**Features/Benefits:**

- **Assured protection:** High performance anti-wear additive in the formulation provides assured protection to engine components reducing maintenance costs.
- **Enhanced cleanliness:** Superior additive system enhances engine cleanliness, thereby ensuring improved performance under varying riding conditions.

**Application:**

- Recommended for mopeds of leading manufacturers.

**Typical Properties:**

Parameters	Test Method	Results
Appearance	Visual	Clear & Bright
Colour	Visual	Red
Density @ 29.5°C	ASTM D4052	0.873
Kinematic Viscosity @ 40°C, cSt	ASTM D445	117.84
Kinematic Viscosity @ 100°C, cSt	ASTM D445	14.61
Viscosity Index	ASTM D2270	126
Flash Point (COC), °C	ASTM D92	230
Pour Point, °C	ASTM D97	-24
Total Base Number, mg KOH/g	ASTM D2896	4.45

The above typical properties are those obtained with normal production tolerance and do not constitute a specification. Variations that do not affect product performance are to be expected during normal manufacture and at different blending locations. The information contained herein is subject to change without notice.

**STORAGE:**

All packages should be stored under cover. It should not be exposed to direct sunlight, intense cold and extreme temperature fluctuations. Where outside storage is unavoidable, drums should be laid horizontally or properly covered to avoid the possible ingress of water and damage to drum markings.

**HEALTH AND SAFETY:**

The information on this product is available in the Material Safety Data Sheet (MSDS) as a guide to the precautions and safe handling of this product and its disposal. For further information, we recommend you review the MSDS. If handled correctly, there are no special precautions suggested.
